1. Proposal 2: Development of an official website which will provide information about all the social and cultural activities in IIT Kharagpur.

a. We have a gymkhana website, AWAAZ site and Facebook. Why need a new website, why can't it be updated on existing websites?

- There are a lot of aspects not included in the AWAAZ site and gymkhana website. I am trying to incorporate all the GC events including their timeline, GC standings, social and cultural events and the societies under So-cult.

- Also, it will be linked to the TSG website.
- The videos of events are covered by Hall members. There is no need to contact CIC.

**b. You need a server to store the data.
How will you do that?**

- Sir, there are many platforms that allow hosting of contents at affordable cost.

c. Is it ethically correct to publish the English Elocution script on the website which I have written on my own?

- Sir, the videos and arts will be published only after getting the consent of the performer.

d. When a specific work is recorded or submitted, is it the property of the participant or the Gymkhana?

· -

e. Since you are including the student body and societies of So-cult in the website, why not include Gsec So-cult of the hall in the website, since he also works equally hard for that.
